DREAM BUILDERS

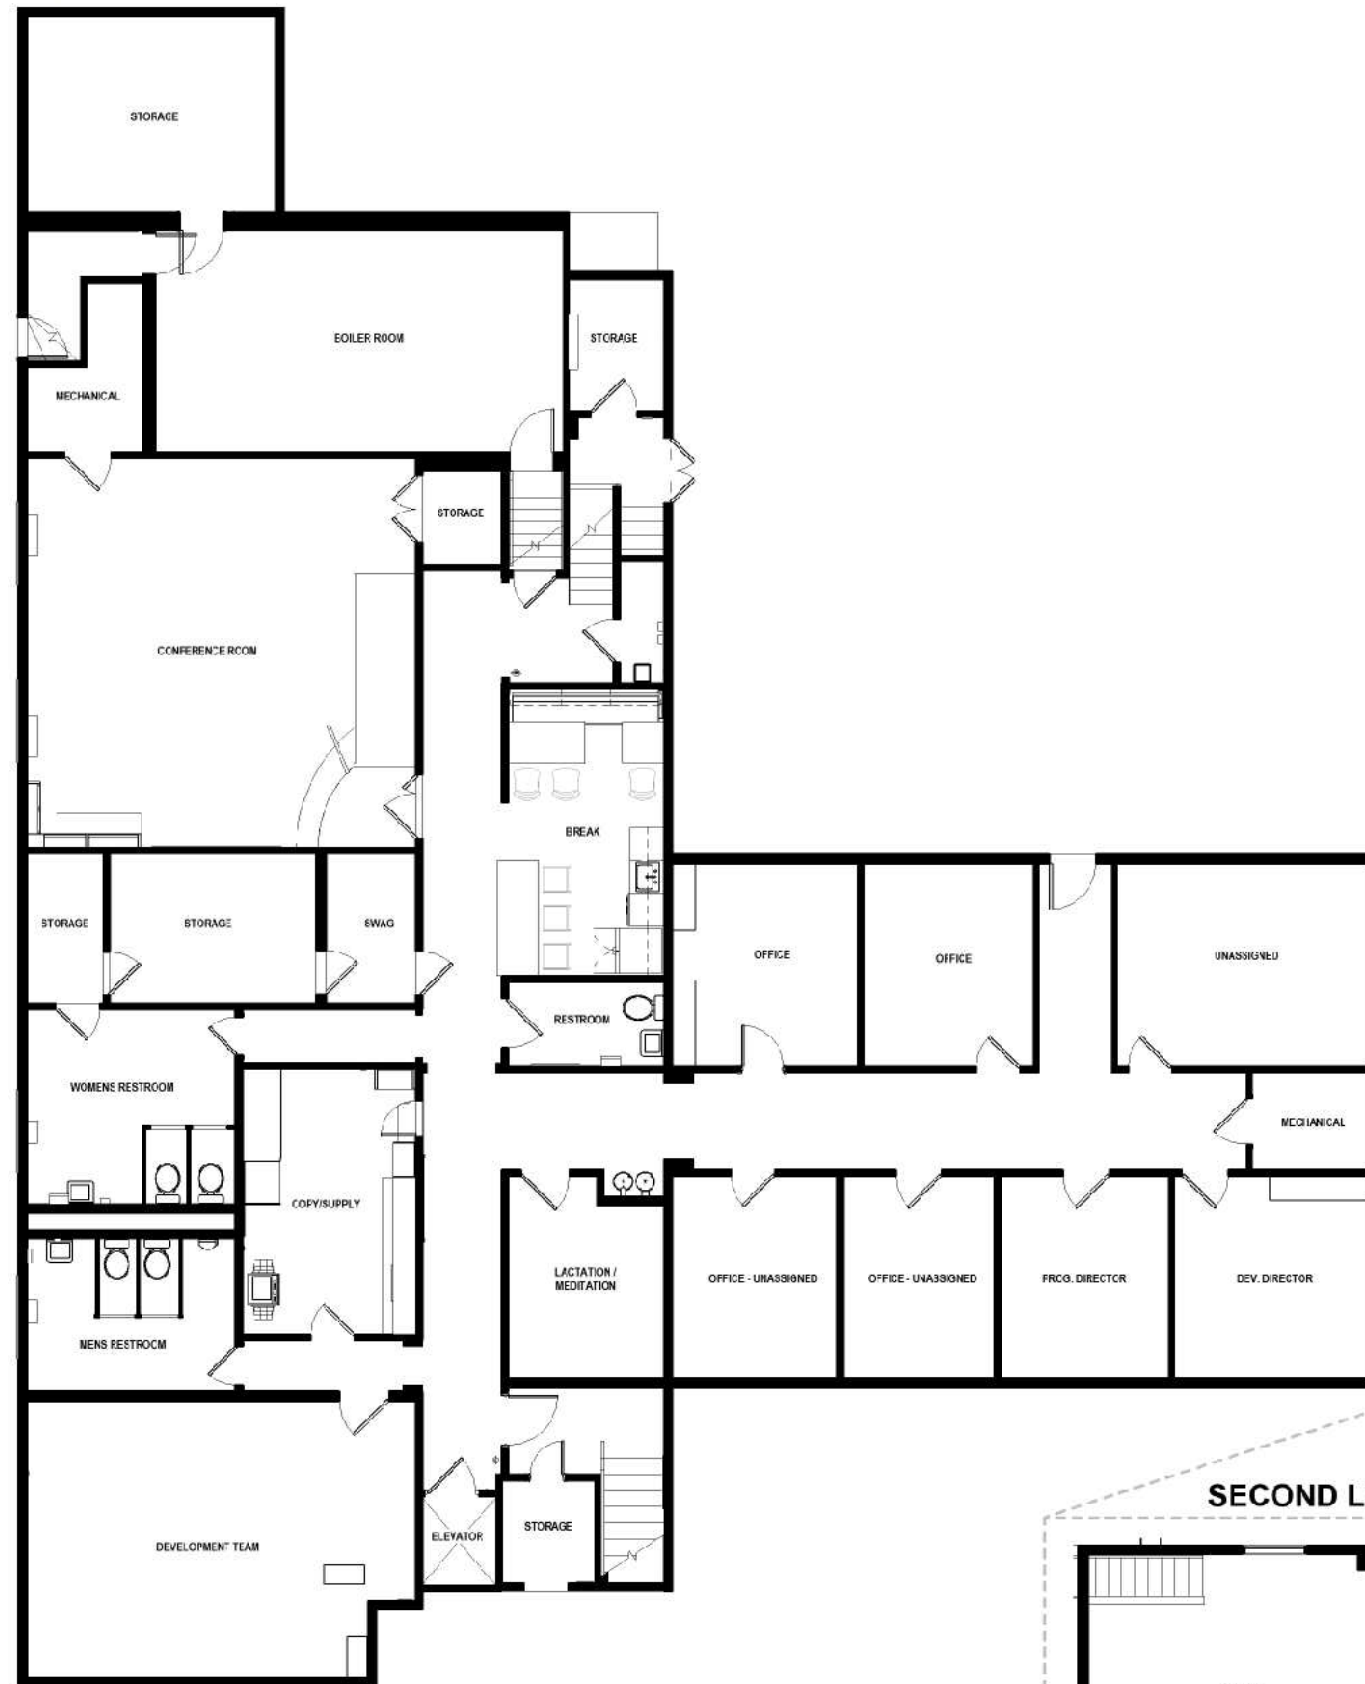

CJ& Associates Inc

“In October 2021 - Safe & Sound embarked on a journey to relocate our non-profit headquarters from downtown Milwaukee to the heart of the Parklawn neighborhood. When we purchased an abandoned church, it was very difficult to reimagine how the space might be transformed into a hub for community and a convening space for residents, youth, and partners. However, because of the incredible work and creativity and support from [\[DREAM Builders\]](#) - the transition was not only seamless, but we are now enjoying a beautifully designed building that speaks to our mission and our vision for a Safe Milwaukee for all. Nick and his entire team have been amazing, and I am grateful for their patience and dedication to ensuring that everything we wanted and desired was manifested. I would highly recommend their services and architectural genius for future projects. Outstanding work!”
